Infant Education Practical Assignment: Teaching vocabulary

Choose one of the following lexical areas and prepare activities and materials to help students acquire the language:

Me
My classroom
Numbers
Colours
Animals
Routines
Food and drink

Or you may negotiate another area with your teacher.

Your work should include:

1. Introduction: An introduction of what you want to teach
2. Activities: A selection of activities (4-5) to include different skills (speaking, listening) including a brief explanation.
3. Examples of materials: for example photos of materials you have made, other images, design of games, etc.
4. References: If you have obtained any of the activities from an external source, you must mention it in a reference section.

This work must be original and you must use your own expression (not copied or translated using translators, etc.). It is also important to remember that it is possible to obtain ideas from books or websites, but you must make reference to them. You may be asked questions on your work.

This is an individual assignment
